# RPA Training

## Learning Objective

This course will help you to learn DevOps and master various aspects of software development, operations, continuous integration, continuous delivery, automated build, test and deployment. In this best DevOps online training course, you will learn DevOps tools like Git, Puppet, Jenkins, SVN, Maven, Docker, Ansible, Nagios and more. DevOps jobs are among the most sought-after and best paying jobs in the industry. Get started on this path today!

## Topics

- ❖ Introduction to RPA
- ❖ UiPath tool for RPA
- ❖ Important components of UiPath
- ❖ User Interface automation
- ❖ Recording with UiPath
- ❖ Programming Activities Using Data Table
- ❖ Workflow & Citrix manipulation
- ❖ UiPath coding & debugging
- ❖ Screen scraping with UiPath
- ❖ Automate and Orchestrate the Task
- ❖ Create a Scalable Queue Management System

# AWS Developer Training

## Learning Objective

Intellipaats AWS Developer Certification Training is specially curated by industry experts to help you prepare for the new AWS Certified Developer - Associate (CDA) 2019 Exam. You will gain comprehensive knowledge on AWS concepts, Python, PHP coding to work in AWS environment, data redundancy, load balancing, EC2, building APIs using API Gateway, Monitoring with X-Ray and CloudWatch, Auto Scaling, IAM, and CloudFormation. You will also work on real-time projects and assignments which has huge impact on real-world industry scenarios, thus helping you fast-track your career effortlessly. As a part of this online classroom training, you will receive a complimentary Python training course.

## Online Course Topics

- ❖ Introduction to Cloud Computing & AWS
- ❖ Database services
- ❖ Object Storage
- ❖ Autoscaling and load balancing
- ❖ Virtual Private Cloud
- ❖ Application services, AWS Lambda and CLI
- ❖ IAM and monitoring
- ❖ Configuration management and automation
- ❖ Monitoring and Troubleshooting
- ❖ CI/CD and Containerization in AWS
- ❖ AWS Whitepapers

## Self Paced Course Topics

- ❖ Architecting AWS – whitepaper
- ❖ AWS Architect Questions
- ❖ DevOps on AWS
- ❖ AWS Migration
- ❖ AWS Security

# Python Training

## Learning Objective

Python certification training course online will help you master the concepts and gain in-depth experience on writing Python code and packages like SciPy, Matplotlib, Pandas, Scikit-Learn, NumPy, Web scraping libraries and Lambda function. You will also learn how to write Python code for Big Data systems like Hadoop and spark. As part of the Python certification Online course ,you will be working on real-world projects and case studies and get hands-on experience.

## Topics

- ❖ Python Environment Setup and Essentials
- ❖ Python language Basic Constructs
- ❖ OOP concepts in Python and database connection
- ❖ NumPy for mathematical computing
- ❖ SciPy for scientific computing
- ❖ Matplotlib for data visualization
- ❖ Pandas for data analysis and machine learning
- ❖ Scikit-Learn for Natural Language Processing
- ❖ Web scraping with Python
- ❖ Python deployed for Hadoop
- ❖ Python for Apache Spark coding

## Intellipaate Alumni Working in Top Companies

Robin Jack 

**Mainframe Senior Developer at IBM**

This software testing automation training is the most practical and easy way to learn Selenium covering all topics.

David Juvan 

**Software Tester at Dell**

I'm extremely impressed with this training session. Thanks to the instructor who was very patient in explaining all our doubts clearly. I was concerned initially if I have made a right choice in picking up a right institute. But now I will definitely recommend Intellipaate for training course

Niharika Mittal 

**Blockchain Developer and Testing Enthusiast at IBM**

This is a great way to learn Selenium automated testing. The best part is that the entire Selenium course is in line with the industry certification.

## Frequently Asked Questions

### Q 1. What is the criterion for availing the IntelliPaat job assistance program?

Ans. All IntelliPaat learners who have successfully completed the training post April 2017 are directly eligible for the IntelliPaat job assistance program.

### Q 2. Which are the companies that I can get placed in?

Ans. We have exclusive tie-ups with MNCs like Ericsson, Cisco, Cognizant, Sony, Mu Sigma, Saint-Gobain, Standard Chartered, TCS, Genpact, Hexaware, and more. So you have the opportunity to get placed in these top global companies.

### Q 3. Do I need to have prior industry experience for getting an interview call?

Ans. There is no need to have any prior industry experience for getting an interview call. In fact, the successful completion of the IntelliPaat certification training is equivalent to six months of industry experience. This is definitely an added advantage when you are attending an interview.

### Q 4. If I don't get a job in the first attempt, can I get another chance?

Ans. Definitely, yes. Your resume will be in our database and we will circulate it to our MNC partners until you get a job. So there is no upper limit to the number of job interviews you can attend.

### Q 5. Does IntelliPaat guarantee a job through its job assistance program?

Ans. IntelliPaat does not guarantee any job through the job assistance program. However, we will definitely offer you full assistance by circulating your resume among our affiliate partners.
